

Improve Your Skills Increase Your Profit

Providing A Competitive Advantage Through Total Business Performance

The PAS 125 requires you to provide evidence of competency. The only accreditation for your estimators is the ATA Vehicle Damage Assessor but where do you get the essential training and continual support to ensure that your staff are best placed to achieve the desired result. ARC Support Services provides that Training and Support.

PART B: The Practical Test

This Two Day programme has been developed to cover the following areas:

DAY1.

1. eScribe

A Full exploratory introduction to the information contained within eScribe, how to research it, locate it and apply it to your repair specifications.

2. Researched Methods

This session covers the identification of materials, Safety related information and how the recording of that information is vital in direct relation to the requirements of the repair specification and the ATA exam..

3. Practical Assessment Test

This session is a formatted test of three papers to ensure the candidate has understood the information contained within eScribe, and recognised its value and importance.

DAY 2.

4. ATA/VDA Assessment Form.

This session explains the importance of accurate and concise data capture, including the use of the VDA form as used in the ATA exam. Guidance on how to enter the collated information in a format that ensures all of the tasks required are identified and recorded. Lastly, the development of a repeatable estimating process.

5. Assessment of a Damaged Vehicle

A practical test requiring the use of the skills learnt during the course, including the use of eScribe to identify published methods and safety related issues. Followed by a full review of the steps taken to record the damage, ensuring all issues are accurately identified and recorded.

6. Audit of a Printed Estimate

Practical exercise involving a review of a printed assessment to identify incorrect information.

With each session we provide a written report, in relation to the candidates performance throughout the topics covered. We shall also provide an individual training plan including topics for CPD (Continual Professional Development) required for staff in direct relation to PAS125. As successful providers of PAS125 compliant systems and solutions' the information provided in our written reports conform to section: **4.2.1- d, e, f, I & j**, of the **PAS125:2007**

Costs and Time Lines

£420: **1st candidate, per day.** (Additional candidates £210 each).

We come to you and train your staff on site!

Training is not expensive! "It's Priceless"
